Old Business:

265 dinners were served at the Hunter's dinner with an additional 25 workers served. That is 50 more than last year. Barb VonOverbeke said signs were put up in Hackensack and Remer. That could have accounted for the extra meals. Christine suggested we have someone available to help people get their trays to the table.

It was decided there would be no takeout beverages.

Darlene Frank made new pink camo aprons. They were worn by the workers.
