### Basilica Versus Cathedral

**Question:** What is the difference between a  
basilica and a cathedral?

**Answer:** Basilicas are churches that are so titled  
because of their antiquity, dignity, historical im-  
portance, or significance as centers of worship. A  
cathedral is the principal church of a diocese,  
which contains the chair of the bishop, or  
"cathedra" in Latin. The chair is the symbol of  
the bishop's teaching authority.
